## **Section 1 – Introduction**

This directory provides a list of Centers Plan for Dual Coverage Care’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC) which is available at [www.centersplan.com](http://www.centersplan.com).

You may use this directory to find providers who participate in Centers Plan for Dual Coverage Care’s network, but know that the plan’s searchable provider directory, available at [www.centersplan.com](http://www.centersplan.com), is the best way to get the most current information about the providers in our network.

There are several ways to find doctors in these books:

1. If you have the doctor/provider’s name, you can use the index at the back of the book to search by name.
2. If you want to search by specialty, you can use the table of contents to find the specialty or provider type you want to find. The doctors are grouped by Specialty/Provider Type and then the various zip codes in which their offices are located.

If you need help finding a provider, please call **Member Services at 1-877-940-9330 (TTY users call 711)**. Representatives are available to help you 7 days a week from 8 am to 8 pm.

Centers Plan for Dual Coverage Care is a HMO, Health Maintenance Organization, so you will have to choose one of the network providers listed in this directory to be your **Prietary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. PCPs are generally internists, family practitioners, and gynecologists who have agreed to service our members in a primary care physician role.

Among other things, your **Prietary Care Provider** will:

- Provide you with most of your routine and preventative health care services;
- Help manage and coordinate all aspects of your medical care; and
- Provide referrals for specialty care.

If you do not select a PCP when you enroll, we will assign one to you based on where you live. You may change your designated PCP at any time by contacting **Member Services at 1-877-940-9330 (TTY users call 711)**. Representatives are available 7 days a week from 8 am to 8 pm. Since your PCP provides and helps to coordinate your medical care, you should have your past medical records sent to your PCP’s office.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory however, some services may require a referral and or prior authorization. These services are listed in your Evidence of Coverage, but if you have questions you may call **Member Services at 1-877-940-9330 (TTY users call 711)**. Representatives are available 7 days a week from 8 am to 8 pm. If you have been going to one network provider, you are not required to continue to go to the same provider. Other providers are available in our network.

**You must use network providers**, except in emergency or urgent care situations or for out-of-area renal dialysis or other services. **If you obtain routine care from out-of-network providers, neither Medicare nor Centers Plan for Dual Coverage Care will be responsible for the costs.**

## **What is a “medical emergency?”**

A “**medical emergency**” is when you, or any other prudent layperson with an average knowledge of health and medicine, believes that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

### **If you have a medical emergency:**

- **You should get help as quickly as possible.** Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if needed. You do *not* need to get approval or a referral first from your PCP.
- **As soon as possible, make sure that our plan has been told about your emergency.** We need to follow-up on the emergency care. You or your caregiver should call to tell us about the emergency care, usually within 48 hours. Please call Member Services at 1-877-940-9330 (TTY users call 711). Representatives are available 7 days a week from 8 am to 8 pm.

## **What is covered for a medical emergency?**

You are covered for emergency medical care:

- Anywhere in the United States or its territories; and
- Worldwide up to \$25,000 a year (please see your Evidence of Coverage for details).

Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. After the emergency is over you are entitled to follow-up care to be sure your condition continues to stabilize. Follow-up care will be covered by our plan. If out-of-network providers provide the emergency care, we will try to arrange for network providers to take over your care as soon as the medical condition and the circumstances allow.

## **What if it wasn’t a medical emergency?**

Sometimes it can be hard for you to discern a medical emergency. For example, you might go in for emergency care thinking that your health is in serious danger, and the doctor may say that it was not a medical emergency after all. If it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover you care.

However, after the doctor has said that it was *not* an emergency, we will cover additional care in one of two ways:

1. You go to a network provider to get the additional care.
2. – *or* – the additional care is considered “urgently needed care” and you follow the rules for getting this urgent care (for more information about this, see below).

## **What is “urgently needed care”?**

“Urgently needed care” is a non-emergency, unforeseen medical illness, injury, or condition that requires immediate medical care. Urgently needed care (urgent care) may be furnished by in-network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible. The unforeseen condition could, for example, be an unforeseen flare-up of a known condition that the member may have.

In most situations, if you are in the plan’s service area, we will cover urgently needed care if you receive this care from a network provider. However, if the circumstances are unusual or extraordinary, and network providers are temporarily unavailable or inaccessible, we will cover urgently needed care that you receive from an out-of-network provider.

## **What if members are outside the plan’s service area?**

When you are outside the service area and cannot get **emergency care** from a network provider, our plan will cover emergency care received from any provider in the United States or worldwide. Worldwide emergency care is limited to up to \$25,000 a year (please see your Evidence of Coverage for details).

Our plan covers **urgently needed care** anywhere in the United States (US). Our plan does not cover urgently needed care if a member receives the care outside of the United States.

**You must use plan providers except in emergency or urgent care situations.** If you obtain routine care from out-of-network providers neither Medicare nor Centers Plan for Dual Coverage Care will pay for the costs.

**Members must use network providers to get medical care and services.** The only exceptions are emergencies, urgently needed care when the network is not available (for example, when members are out of the area and need urgent or emergency care), out-of-area dialysis services, and cases in which Centers Plan for Dual Coverage Care authorizes use of out-of-network providers.

## **What should members do if they receive a bill from a non-contracted/out-of-network provider?**

If you receive a bill from a non-contracted provider, do not pay the bill, but rather send it to Centers Plan for Dual Coverage Care for processing and determination of member liability, if any.

Please send the bill to:

Centers Plan for Healthy Living  
Attention: Claims Department  
75 Vanderbilt Avenue, Suite 700  
Staten Island, NY 10304

Within each zip code, the physician names are listed in alphabetical order along with their address and phone number. For the most updated Centers Plan for Dual Coverage Care provider information, please visit [www.centersplan.com](http://www.centersplan.com).
